

Aragen Life Sciences Campus Recruitment @ Dr. B. R. Ambedkar University, Srikakulam

Greetings from Aragen Life Sciences.

It's my pleasure discussing Ambedkar University and Aragen Life Sciences partnering for Campus Hiring Program for final year students of 2023-2024.

Aragen is a trusted R&D and manufacturing partner to the global life sciences industry. From concept to commercial, we transform our customers ideas into solutions for better health.

At Aragen, we recognize work is vital, urgent and impacts lives. Our purpose, 'In every molecule is the possibility for better health' motivates us to drive the success of our customers programs, so that we can together transform hope into health for millions of people around the world.

We are looking for possible placements for M.Sc Organic Chemistry
